

6-10666

BUILDINGS AND GROUNDS EMPLOYEES gather to honor William M. Kiggans, whose retirement tomorrow ends 10 years, nine months continuous service in the Y-12 Plant. Kiggans plans to retire to his 50-acre farm outside Lenoir City. Fellow workers presented the retiree with a cash present as a token of their friendship.

6-10665

"COME BACK AND SEE US, CURLY," say Research Servicemen as Clyde W. Lusk is shown with co-workers at his retirement testimonial last week. The genial Lusk was given a flash-camera with all the attachments, plus an automatic cultivator which will be a boon in his hobby of gardening. Lusk is seen with his hand "on the plow."

Three Veteran Y-12ers Retire Ending Long Service In Plant

**William Kiggans, Clyde Lusk, and Robert Kite
Have Company Service Totaling 42 Years**

Three well-known Y-12ers retire tomorrow, August 31, bringing the total to 17 retirements this year. They also are the 89th, 90th, and 91st to retire since Union Carbide began operations here in 1947. The well-known Y-12ers are Robert K. Kite, Guard; Clyde W. Lusk, Research Services; and William M. Kiggans, Buildings and Grounds.

All three employees have more than the required 10 years to qualify them for benefits under the UCC Pension Plan. Lusk and Kite are also enrolled in the contributory retirement plan. The three employees lack only two days being all the same age!

William M. Kiggans

Retiring to his farm in Loudon County is William M. Kiggans, whose continuous service date goes back to November 2, 1950. Born in Loudon County, the son of Mr. and Mrs. James W. Kiggans, his first public employment was in a hosiery mill in Lenoir City, the Charles H. Bacon Co., with whom he worked 23 years. Briefly with the Lenoir Car Works in 1942-43, Kiggans came to Tennessee Eastman Co. in 1943 as a special material handler. Various other employment including two brief periods with the Tennessee Valley Authority, the Holston Mfg. Co., as well as the Maxon Construction Co., at Oak Ridge Gaseous Diffusion Plant brought him up to his entrance into Y-12.

He is married to the former Iva Ruth Standridge. The Kiggans have two children, both of Lenoir City, James Oliver Kiggans, and Mrs. Jessie Kiggans Roberts. They also have eight grandchildren.

Served In World War I

Service in France during World War I was part of Kiggans' U. S. Army tour of duty during 1918-19. He belongs to the American Legion Post No. 79 in Lenoir City.

Fellow employees in Buildings and Grounds, wishing to express their affection for the retiring Kiggans, gathered week before last to present him with a cash gift. He voiced his appreciation for the gift, and stated that he will certainly miss his association with fellow employees.

The retiring Kiggans takes with him the very best wishes for a happy retirement from all his co-workers.

Clyde W. Lusk

Another native Tennessean, Clyde W. Lusk, Research Services, plans to do some gardening after his retirement. He was born in Morrison, Tenn. Aug. 7, 1896, and leaves Y-12 with 14 years, 10 months continuous service.

The jovial Lusk began his employment life in Chattanooga operating a service station. This kept him occupied until 1927 when he went with the Davenport Mills, Chattanooga. He remained with them for 15 years, and then worked briefly as a mechanic with Hercules Powder Co., Tynes.

His continuous service date in Y-12 is October 6, 1946.

Farewell Party Aug. 20

The RE Development mechanic was honored last Monday, August 20, by his departmental friends, with testimonials led by Ed Pollard. He was presented with a mechanical cultivator, a flash camera, and a slide-viewer. His native wit came through in fine style, verifying the respect in which he was held by fellow employees. His comment on the

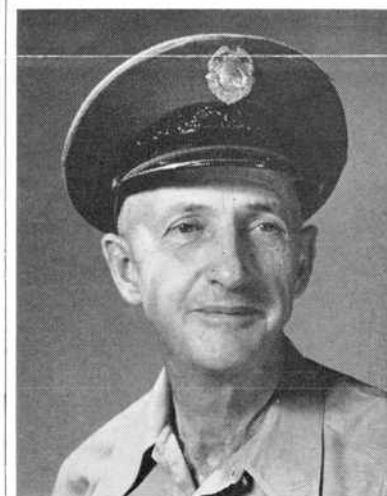

camera was that it "was taking a picture of his wife plowing."

He is married to the former Lois Evelyn Odom. They have two sons. The Lusks live at 117 Marietta Circle, Oak Ridge, and plan to continue to live there. "I've been around in many places, you can't beat Tennessee," Lusk stated.

Nicknamed "Curley"

"Curley" as he is affectionately known by co-workers (he doesn't have a hair on his head) plans to travel some, and devote more time to his hobby of gardening and growing flowers. He says the cultivator will produce some beautiful roses.

A long and happy life is wished for the retiring Lusk from all his fellow workers.

Robert K. Kite

Another Y-12er retires tomorrow, whose employment date goes back to October 30, 1944. Robert K. Kite, of the Guard Department, was born in Jefferson City, Tenn. His early years employment were with the Jefferson Woolen Mills, in Jefferson City and Knoxville. He went into the United States Army in 1917, and fought in France with the 30th Division. After the war, he was employed in dairy work in Jefferson City. In 1929 he became employed with the Universal Exploration Co., Jefferson City, as a flotation operator. He explains this occupation as operating ma-

Egypt, Union Carbide Declare Total War

Union Carbide Corporation and Egypt declared war recently on the armyworm, which threatened to destroy the entire cotton crop in the Nile valley. Air-lifting more than 2,000,000 pounds of insecticide, Carbide utilized jets, four-motored DC-6s, DC-7s and Constellations. Involved in the emergency lifts were the United States Air Force Military Air Transport Service (MATs), the KLM Royal Dutch Airlines, Alitalia, Irish Airlines, Swissair, Pan American, TWA and Pakistan Airlines.

The pest killer was shipped in 500-gallon drums, and is mixed immediately into a spray for field use. It is expected to quell the armyworm infestation and to control other cotton pests ravaging farmers' fields.

Carbide officials stated that the round-the-clock flights, originating from Andrews Air Force Base, Washington, and New York City's International Airport, were the largest airlifts in commercial aviation history, and is also the largest air freight operation since the famed Berlin airlift.

Carbide agricultural scientists have been flown to Egypt from Europe and the Middle East to help supervise applications of the insecticide.

TO REDUCE HOT AIR

The new Kremlin auditorium built to house the Communist party's 22nd congress in October, is being equipped with modern air-conditioning.

Deadline Tomorrow For Poster Contest

Deadline in the Safety-sponsored poster contest is announced as tomorrow, Thursday, August 31. No entries will be ruled eligible after that date. The theme for the August competition is "Winter Hazards and Holiday Safety."

First prize in the contest is a beautiful antique bedspread, and second prize is a portable electric coffee kit.

Prize winners will be announced for the August contest shortly. This theme will be used by the Safety Department in the agenda for the month of November. As usual, the first prize winner will have his poster idea adapted for plant-wide use in the campaign.

Any employee in the Y-12 area is eligible to enter the poster contest. Wording should be kept to a maximum of 10 words. A simple sketch should accompany the wording to depict the poster idea.

Only one more contest remains in the current series, the December theme, which will be given next week, along with the awards in the competition.

PETS ALIVE!

Pets outnumber people in the United States four to one. There are 730,000,000 of them, from goldfish to hamsters to cats and dogs. Their yearly care and feeding bill is \$3 billion.

QUICK HENRY, THE FLIT!

Lizards on Komodo Island, off the Indonesia coast, grow as long as 15 feet.

Awards Eligibility Detailed By Safety

**Selections For 27th
Period Are Ordered**

Eligibility for safety awards, explains the Safety Department, is a question that often arises when an award period is decided.

A disabling injury-free period of 1,500,000 man-hours or greater, is considered official after a 20-day waiting period, which clears the docket of all pending cases for review and resolution.

Any Y-12 employee on the payroll at the completion of an award period is eligible for an award. Employees who have terminated after the period closes are eligible also for an award, provided he has worked a complete eight-hour shift or more during the period. However, terminations must be responsible for making the selection, and picking up the award during the designated times of selection and distribution.

ORNL Employees In Y-12

Oak Ridge National Laboratory employees are eligible if more than 50 per cent of their time has been assigned in the Y-12 area during the award period.

Retiring employees who terminate anytime during the period are eligible for the safety awards.

It is also understood that employees who are eligible for an award will pick up their awards as soon as possible, but in no case will the awards be held after the 30-day deadline period.

Don't Be A Labor Day Casualty To Water

Last Swim Session Of Summer May Be LAST

More than 6,400 Americans are expected to die because of accidents in the water this year. This toll will be dramatically increased during the long week-end coming up. The last "holiday" of the summer, Labor Day, brings a closing to many of the regional lakes and swimming pools. So sun-worshippers are inclined to go overboard in getting in that last swim.

That last swim might literally be the "last" one.

Authorities recommend the following in case an emergency does arise in the water:

Throw a person struggling in the water anything that will float, a board, branch, large thermos jug.

Better still, hold something out to him—an oar, branch, end of a rope, or even a piece of clothing.

The above dramatic photograph was contributed by Monty Montague, staff photographer for the Texas City Forecaster. It graphically illustrates the desperate struggles of a drowning victim.

Learn To Swim

The best rule of thumb to observe in water safety is LEARN TO SWIM. It's effortless and free. Red Cross instructors are more than willing to enroll non-swimmers, no matter what their age. Recently a 75-year old woman mastered a life-saving course in swimming at the Oak Ridge Swimming Pool.

The victims claimed by our rivers, lakes, ponds, and pools fall in the five to 21 age group as a majority.

A Few Basic Rules

Most of the senseless water tragedies could be averted if a few basic rules were observed:

Never swim alone . . . Wait at least an hour after eating before swimming . . . Never dive in strange waters . . . Don't let small children out of sight . . . Don't overload small boats . . . Never be without a life jacket for each person when boating.

A little common sense around water may pay off big dividends in LIFE.

Don't be a statistic over the long Labor Day week-end!

A right pert old (he hates that word) gent who used to operate this space paid the present Prop. & Gen. Mgr. of the Colyum a visit last week. He vows most of his retirement period, now nearly six months gone, has been spent evading well-meaning friends determined to put him to work. Says GWD, "Before I retired, I promised myself to do all sorts of things. Since retiring a great deal of my time has been taken up with putting them off, and eventually I managed to devise a system of putting things off that takes all of my time."

Let's see what's been put off in Y-12 lately.

FINANCE AND MATERIALS

Property parlays in word that N. L. Ensor vacationed in Oak Ridge and North Carolina.

Engineering Records tells that Georgia Rader vacationed in Panama City this week . . . Frances Patton spent the week-end with Anne Fitzgerald over in Knoxville, where they attended the "Ice Follies."

Vacationing from Cashier and Travel last week was Wanda Hawn, who decided to visit out West.

Timekeeping has Hugh Rice, another westerner, taking his family to visit one of the little Rices in Texas, the southern part, that is, suh!

Accounting and Budget forgot to tell of Marvin Flatt's recent trip to Detroit to see some ball games . . . W. C. Hoppe is an Oak Ridge stay-at-homer, catching up on his arguing somewhere, we think . . . Ellen Hughes decided to take a day or two off to be with the boys.

Trouble is usually produced by those who produce nothing else.

TECHNICAL

From Statistical Services it's learned that Pat Reavis and Liz are proud parents again. Little "Sam" arrived Sunday, August 20, at Ft. Sanders, but turned out to be little Cynthia Ellen, weighing six pounds, five ounces.

Special Projects wafts in word that Ernie Zurcher was attracted to Myrtle Beach for his vacation this season, where he and his family soaked up sun and enjoyed a side-trip to the lovely old plantation grounds of Brookgreen Gardens with its beautiful statuary . . . George McGown may be in town for his vacation this week or he may take off with a trailer for Gatlinburg . . . Dick Cawood went to Alabammy (not to see his l'il old mammy) but to visit for a couple of weeks with his l'il old Uncle Sammy . . . Jeanette Akers is rapidly losing her Daytona Beach vacation by the scalefuls; all that painfully-acquired Florida suntan is flaking off, leaving her looking like a depleted Minnie the Mermaid . . . Jim Dodson, together with his family and another couple, camped out (in a motel) at the gate-way of the Smokies last week-end . . . Not on the lighter side, Loretta McBee missed roll call due to migraine headaches and secondary effects . . . The old welcome mat is dusted off and rolled out in grand fashion for Alex Varlan, transferred in from down the road (ORGDP).

Mechanical Inspection had the R. C. Rowan family vacationing last week "up in the hills of West Virginia." . . . And Louise Gardipee taking this week off, where only Louise knows.

From down Development way, happy congratulations are going to Faye Duncan, formerly of Ceramics and Plastics, on the arrival of little Gregory Giliam Duncan. He was born at 11:55 p.m., August 23, at the Oak Ridge Hospital, weighing eight pounds, 12 ounces. Mother and son are reported doing fine.

On the theory that a woman can hit anything, why don't they put one in a rocket to the moon?

ENGINEERING

From divisional offices it's learned that J. W. Strohecker and family returned last week from a fine vacation trip to Cape Hatteras, N. C.

Process Design has John Godzinski and his family spending a two-week vacation in up-state New York . . . Peggy Silver and her husband Virgil, of ORGDP, are taking a motor trip via Charlotte, Cape Hatteras, and Nags Head, N.C., then on to Newport News, Va., and Lynchburg, and then on home.

Project Engineering extends wishes for a speedy recovery to A. E. Bittner, who is in the Oak Ridge Hospital with a staphylococcus infection. His room number is 412, and he is allowed no visitors, but would appreciate a call from his friends; says it's lonely up there . . . A. L. Conte and his family are vacationing this week with relatives in Clemson, S. C. . . . Marvin Short is spending his week of vacation at the homestead in Hardin Valley.

Esther Moody is enjoying good ole' home cooking at Sweetwater, Tenn., this week . . . It is suspected that W. A. Niles spent his week off at home in Norris.

The department welcomes W. E. Weathersby back to the group . . . Much future happiness is wished for our little summer student, Carol Thompson, who is engaged to Earl Cartee, and will be leaving soon to re-enroll in the University of Tennessee. A Christmas wedding is planned.

"Why should I study agriculture?" asked the farmer. "I ain't farming now as well as I know how to."

MAINTENANCE

Research Services extends sympathy to T. A. Hickman, in the recent death of his mother . . . Get well wishes are sent from the entire department to G. W. Denise and O. Webb.

Electrical cables in word congratulating C. G. Treece on the birth of little Mary Beth, who put in her appearance at 12:54 p.m., Wednesday, August 23, and weighed eight pounds, 12 ounces.

Vacationing in Florida are C. G. Johnson, C. F. Jenkins and R. R. Chilcoat . . . Niagara Falls was the sight chosen by C. F. Huskey . . . C. L. Steppe declared he would be visiting in North Carolina . . . B. M. Cox planned to visit the grandchildren in Chattanooga and then take a trip into Virginia . . . H. B. Milhorn reported he was going to camp out and do some trout fishing over around Tellico Plains . . . N. L. Derryberry took time off from his vacation to groom his stock of horses.

INDUSTRIAL RELATIONS

The Cafeteria tells that Madeline Tackett took off for Daytona Beach, Fla., for two weeks . . . Willie Braden is spending two weeks at her home in Oliver Springs, enjoying her son's visit from California.

The Fire and Guard Departments has C. S. Davidson back at work, and all the gang properly glad about it, too . . . C. S. Walddrop vacationed again up "Norris Lake way" . . . H. W. Krouse vacationed at home, painting — chose the house this time, not the town.

Temper is a strange thing. It spoils children, ruins men, and strengthens steel.

CHEMICAL OPERATIONS

The Uranium Recovery end of Product Processing tells that Dean Reed is vacationing in

Wide Variety Of Adult Classes Offered In Ridge Evening School

Did you just get off the boat from the Old Country? The Adult Education Program has a course in beginning English for Foreign Born.

Do you lack a few credits getting that high school diploma? There's a full curriculum to be had in all high school subjects.

Interested in wood-working or electronics? There are courses also offered in these subjects, as well as welding, citizens radio, and many others.

The Adult Education Program, in announcing its 1961-62 fall quarter, is calling attention to the variety of subjects offered. Most of the courses are taught at night in the high school.

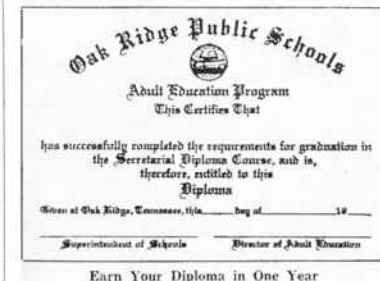

Registration started last Monday, August 28, and will continue through Tuesday, September 5, when classes commence. The fall quarter extends from September 5 through November 25.

There's a business school diploma curricula offered which features English, Penmanship, Typing, Shorthand, Accounting and Business Law and Mathematics.

The classes are broken into the following categories: Business School; General and Special Courses, and High School Curriculum.

Rates for the evening classes are nominal.

The Adult Education Program has offices in the Oak Ridge High School. Registration hours this week are from 12 noon through 4 p.m. and 6:30 through 10 p.m.

25th Anniversary Is Observed By Y-12er

Employed At Eighteen In Cleveland, Ohio

6-10662 T. I. Sloan

Tomorrow, August 31, is a very special day in the life of Tennyson I. Sloan, Machine Specialist in Beta Four's Heavy Machine Shop. It will be his Silver Anniversary with Union Carbide Corporation. Twenty-five years ago, the then 18-year old Sloan began employment with National Carbon Company in Cleveland, Ohio.

Fresh from high school (he attended the West Technical School in Cleveland, as well as the George Washington and John Marshall Elementary schools there), he hired in as a mail clerk with the Union Carbide company.

His employment at the Cleveland division was uninterrupted, until 1941 and war. Serving in the United States Army four years, most of which time was spent in the South Pacific, Sloan came toward Oak Ridge after his discharge.

His first employment in this area was in the Oak Ridge Gaseous Diffusion Plant. The initial date at Oak Ridge installations was October 23, 1945. He transferred to the Y-12 Plant July 21, 1958.

The Sloans live at Route 23, Knoxville, in the Hardin Valley community. Mrs. Sloan is the former Nora Ellen Lee. They were married December 16, 1941.

Born in Cleveland, Ohio, July 6, 1918, Sloan has a potential Company Service record of 47 years at the time of his normal retirement. It is doubtful that many Y-12ers could equal that figure at retirement.

KING-BRYAN

The December 2, 1960 marriage of Irene Bryan to Stanley King, of Castle Park, Mich. is announced by the bride's mother, Mrs. Maggie Bryan, Tryon, N. C. The bride, the daughter of Mrs. Bryan and the late Fisher Bryan, is employed in Y-12's Cafeteria.

The groom, the son of Mrs. Ida King and the late Martin King, is employed at the Castle, in Castle Park, Mich.

The civil marriage ceremony was performed in Spartanburg, S. C. last December. The couple hopes to make their home in Knoxville in the near future.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12ers who will complete 10 years of Company Service within the next few days. No employees were listed in the 15-year Company Service category.

10 YEARS

Jack H. Pebley, Alpha Four Cascade Operations, August 30.

William H. Hubbs, Alpha Four Cascade Operations, August 30.

Jack D. Bounds, Chemical, August 30.

Glenn H. Kindred, Timekeeping, August 31.

Robert H. McNabb, Product Processing, August 31.

Betty F. Walker, Plant Records, August 31.

Valder C. Hallmark, General Machine Shop, September 4.

Merwyn Sanders, Radiation Safety, September 4.

Prentice D. Wirey, General Machine Shop, September 4.

Millard C. Neeley, General Machine Shop, September 4.

Vernon C. Black, Product Processing, September 4.

Wallace V. Neal, Product Quality Acceptance, September 4.

Irene F. Ridings, Product Processing, September 5.

Art Hines Takes Gatlinburg Golf Tournament

Rains, Forfeits Keep Slo Pitch Action Limited To Five Games Last Week

Y-12's Peons Boast A Nine-to-One Season Thus Far; Kentucky Wonders Still Tops

The Slo Pitch League for Carbiders last week saw three forfeits and three games cancelled because of muddy fields. Play moved into its final stages as Y-12's Atoms fell to the Oak Ridge Gaseous Diffusion Plant team, the Kentucky Wonders, 11 to 3, last Tuesday at Jefferson field. The mighty KY's saw homers by Owen and Bolinsky, with doubles by Nier, G. Harris and Garden. Sise tripled for the losers, and Forrester doubled.

Line scores	R	H	E
Kentucky Wonders	11	17	2
Atoms	3	6	4

Batteries: Kentucky Wonders: Foreman and Carden and S. Harris. Atoms: Cothran and Bell and Sise.

The powerful Kentucky Wonders took up another victory at Jefferson easily by accepting a forfeit from Y-12's 9215ers.

Protest Game Played

At Pinewood the protested game was finished, the Y-12 Development team taking ORGDP's Odds 'N Ends 7 to 5. Doubles were felled by Fell and Pridgeon for the victors; Marion, Roach and Barkow for the losers.

Line scores	R	H	E
Development	7	13	5
Odds 'N Ends	5	9	7

Batteries: Development: Blanks and Fell. Odds 'N Ends: Tucker and Barkow.

Y-12's Peons, in another winning streak, dropped the Odds 'N Ends 17 to 10. Mack Wright got three home-runs for the Peons, and Ernie Collins walloped two. Roe and Edwards came through with doubles. For the losers it was Keith with a triple.

Line scores	R	H	E
Peons	17	17	3
Odds 'N Ends	10	13	2

Batteries: Peons: Rutherford and Bailey. Odds 'N Ends: Tucker and Barkow.

Further action at Pinewood saw the hapless Tabs from Y-12 fall victims to the wrath of the ORGDP Fly Swatters. Carter and Horner homered for the winners, and Slattery had three four-baggers. Madix had two triples, and Slattery two doubles, with Madix one. For the losers it was John Lay with a home-run, George Bailey and Ken Pluhar with a double each.

Line scores	R	H	E
Fly Swatters	33	36	4
Tabs	9	14	7

Batteries: Fly Swatters: Box and Love. Tabs: Ryder and Bailey.

Thursday night found the field at Jefferson water-logged, and only one game was played at Pinewood. The Peons from Y-12 extended their streak by taking on Development, also from Y-12. Brown tripled, and Martin and Edwards had doubles for the winners. Hamrin tripled for the losers.

Line scores	R	H	E
Peons	10	11	1
Development	4	6	3

Batteries: Peons: Rutherford and Bailey. Development: Friar and Fell.

The Y-12 Tabs picked up an easy win by taking a forfeit victory from the ORGDP Codgers, as did the Fly Swatters over the Odds 'N Ends, both of ORGDP.

League standing follows:

Team	W	L
Kentucky Wonders	10	0
Peons	9	1
Atoms	6	1
Fly Swatters	5	4
Codgers	5	4
Red Devils	3	4
Odds 'N Ends	3	4
Development	3	5
Blue Demons	4	6
Tabs	4	6
9215ers	1	7
D Shift	0	11

Arson And Old Lace

A man from San Francisco recently on a bet insured a box of fine cigars against fire, smoked them, then promptly filed an insurance claim for the loss.

The insurance company just as promptly accepted the claim, then had the man arrested for arson.

Don't give our enemies the means to destroy us.

'Finis' Written To Ridge Links

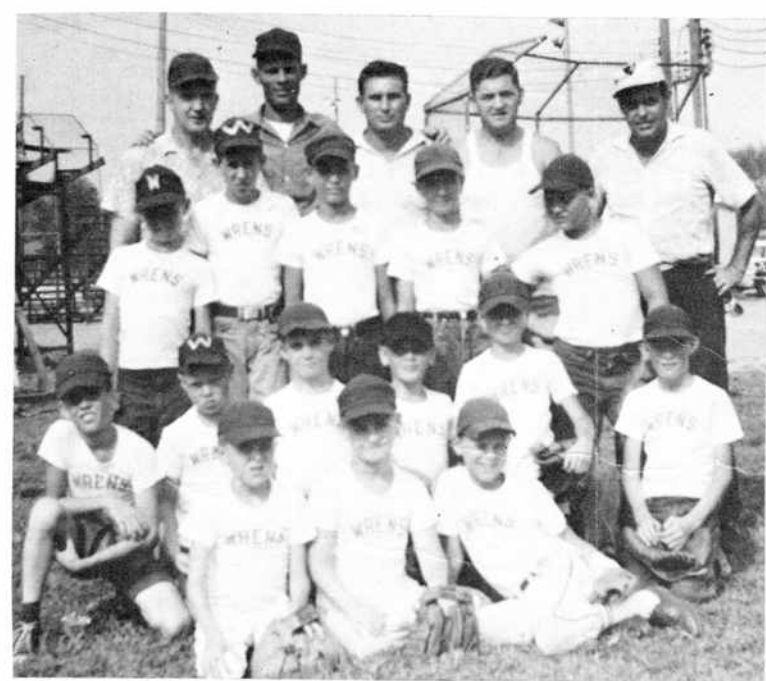

Hines-Emlet Winners; Mee-McLendon Second

The Oak Ridge Golf League for Y-12ers finished up for the year last week with Art Hines and Johnny Emlet taking first place in the league. Bill Mee and Jack McLendon took second place, with Peterson-Presley following closely behind in third place.

The final week's action saw Ratjen-Hoppe take the full six by forfeit from Hines-Emlet; Mee-McLendon over Crone-Douglass, Peterson-Presley over Gregory-Kurtz; Boyd-Oliphant over Crow-Breman; Brown-Roberts over Hackett-Townsend; Mitchel-Tibbats over Smith-Bartholomew; and Underwood-Earley over Andrews-Turner. Four pointers were taken by Dehoney-Knowles over Holzknicht-Peckman and Belvin-Hopkins over Stroud-Ebert.

Bill Mee finished up the season as low man of the week with a 38 scratch score and a 34 handicap tally.

Team	W	L
Hines-Emlet	83	19
Mee-McLendon	70	32
Peterson-Presley	69	33
Stroud-Ebert	67	35
Dehoney-Knowles	62	40
Boyd-Oliphant	61	41
Brown-Roberts	60	42
Smith-Bartholomew	54	48
Holzknicht-Peckman	54	48
Mitchel-Tibbats	52	50
Belvin-Hopkins	47	55
Crone-Douglass	46	56
Ratjen-Hoppe	45	57
Crow-Breman	41	61
Hackett-Townsend	38	64
Underwood-Earley	32	70
Andrews-Turner	23	79
Gregory-Kurtz	14	88

AS A RESULT OF TEAM EFFORT and hard work these youngsters just completed a successful season in the Buddy League of the Inskip-Norwood section. They held a record of 15 wins and no losses for the summer's work. The families of the team are holding a picnic for the players Saturday, August 19, at Tyson Park. The Wrens are seen from left, first row: Bill Kennedy, Dickie Dobbins (son of Paul Dobbins, Sunflower Shop); Lennie Kennedy. Second row: Lato Miller, Larry Bailey, Mike Johnson, Donnie Kite, Danny Long and Russell Hays. Third row: Wayne Stooksbury, Prince Miller, Rocky Ryan, Tony Long and Jerry Seymour. Back row: the dads that coached and/or furnished sons on the team: Elmer Johnson, Area Five Maintenance; Jim Hayes; C. E. Ryan, Beta Four Assembly and Forming; W. G. Seymour, Alpha Five Machine Shop; and B. I. V. Bailey, Safety Department.

THE PRIDE OF THE PASTURE at the Joe Bridges home is Sound Barrier, double champion of the East Tennessee Horse Show Association. Sound Barrier recently added to his top score of points by winning the five-gaited stake in the 11th Annual East Tennessee show at Oak Ridge. The horse was entered for the Beaver Brook Stables entry, and is ridden here by David Cunningham. Bridges is in Product Processing.

Phillips-Leach Sew Up Title In Whittles Set

The Whittles League for Y-12 golfers saw the title sewn up the week of August 20, as champions Phillips-Leach won two points from Troutman-Galle. Second-placers George-Newman also won two from Perry-Ball. Three point wins were taken by Spradlin-Clabough over Kovach-Morrow, and by Hendrix-Parker and Morgan-Campbell who drew byes of the week.

J. W. Phillips took low scratch of the week with a 36. F. K. Clabough was low handicapper with 33.

League standing follows:

Team	W	L
Phillips-Leach	45½	8½
George-Newman	40	14
Spradlin-Clabough	34	20
Perry-Ball	33	21
Galle-Troutman	30½	23½
Hendrix-Parker	30½	23½
Morgan-Campbell	26½	27½
Kovach-Morrow	20½	33½

Isham-Crass Win Harriman Loop

Hamill-Thomas Miss Only By One Point

The Isham-Crass pair from Oak Ridge National Laboratory sewed up the final half of the Harriman Golf League for Carbiders last week by defeating the Browns by the full four-count. Ellis-Pickel took the second-place Hamill-Thomas team for three points. True-Crass defeated Kidd-O'Keefe by the full score and Creswell-Winters took a forfeit win over Cuneo-Grimes. The Willmarth-Tilley, Evans-Henck match ended in a draw.

Bill Hamill swept the lows of the week with a 35 scratch and a 32 handicap score.

Final standings follow:

Team	W	L
Isham-Crass	28	8
Hamill-Thomas	27	9
Creswell-Winters	22	14
Lynn-True	21½	14½
Kidd-O'Keefe	16½	19½
Brown-Buttram	16½	19½
Evans-Henck	18	18
Tilley-Willmarth	11½	24½
Ellis-Franzreb	13	23
Cuneo-Grimes	6	30

League championship will be decided in a play-off between Isham-Crass and Creswell-Winters, winners of the first half of league play.

Camera Club Meet Set September 12

The Camera Club's next meet is set for Tuesday, September 12 at 8 p.m., at Cheyenne Hall in Oak Ridge. Competition is announced as architecture, both in black and white and color.

Joe Jernigan, from Oak Ridge National Laboratory's Photograph Laboratory in Y-12, will lecture on "Copying Techniques." All interested camera fans are invited to the September gathering.

1st Result Counted In All-Carbide Meet

The first match turned in on the All-Carbide Golf Tournament showed up last week as J. W. Phillips, Y-12, took on M. C. Taylor, Oak Ridge National Laboratory. The match, played at Beaver Brook, saw Phillips winning by one stroke. The two were tied at the end of nine-hole play, and had to play the first hole again to break the tie.

Ed Roberts, Jr., Low Handicap With Fine 71

Art Hines swept the Gatlinburg Golf Tournament, held for Y-12ers last Saturday, August 26, with a 78, only six over par for the course, Eddie Roberts, Jr. had the low handicap of the day with 71. Second scratchers in the first division were Bill Mee and Carl Dorr, who tied with 82 each. Fourth scratcher was J. W. Phillips, who turned in an 84. The second handicap low went to Gene O'Hara with 73; third to B. I. Bailey with 75; and fourth handicap saw a three-way tie among J. H. "Tudor" Boyd, E. L. Hendrix, and Bob Wallace, each with a 76. Most pars went to J. E. Bartholomew who had 12, and second most pars to L. C. Martin who had 10.

2nd Division

Sewell Brown took the second division with a low scratch score of 80; while Merle Emery took handicap honors in this flight Vwith 72. Other low scratchmen were H. C. Nichols, 87; L. W. Miller, 89, and J. P. Cook, 83. Low handicap scorers in the second flight were Paul Braden, 76; Joe Comonlander, 77; Roy Roberts 77. Most pars for the course saw a tie between Joe Miller and George Oliphant, each with seven.

3rd Division

Low scratch score of the third flight was turned in by Hugh Beeson, with a 94; and low handicap honors saw a tie between Harold Zang and W. M. James, each with 73. Second scratcher was Paul Trebilcox, 95; third: Ed Owings, 96; and fourth: Jim George, 99. Other low handicap scores were returned by W. B. Goss, Jim Grubb, Paul Galle, each with 78. Most pars of the third flight were earned by Harold Ratjen, who took five; and second most pars were taken by B. B. Stanton with four.

4th Division

The lowest scratch score in the fourth flight saw Joe Youngblood with 94; while low scratch honors went to Al Lasater, with a 74. Second scratch honors saw a three-way tie as J. R. Parker, Bob Harris, and O. C. Willard posted 103 scores. Handicap scorers in this division were J. E. Hensley and R. S. McGinnis, each with 81; and J. R. Hall with 94.

A total of 78 golfers turned out to the Smokies greens to participate in the final tournament of the year. Sprinkling rain failed to dampen the spirits as the golfers teed-off as scheduled. The electric carts, furnished at the Gatlinburg Country Club, could not be used because of the muddy terrain. There was many a complaint concerning the "back nine" and its backbreaking climbs.

One Match Remains In Tennis League

Two matches were played last week in the Y-12 Tennis League, leaving only one more on the schedule. Sam Campbell defeated Dick Huber, 6-4, 6-1; and Gene O'Hara smashed Al Christman by 6-3, 6-3. The remaining match will see Gene O'Hara pitted against Al Fischer.

O'Hara, winner of the first half of league play, at worst could come out with a tie for second half championship with Campbell.

League standing follows:

O'Hara	W	L
Campbell	4	0
Christman	3	2
Huber	2	3
Fischer	1	4
Rekemeyer	0	5

St. Mary's Graduates Daughter Of Y-12er From Nursing School

One proud Y-12 family this past week saw their daughter graduate from St. Mary's Memorial Hospital Nursing School, capped in ceremonies Sunday, August 27, in Knoxville.

Claudette is the daughter of Mr. and Mrs. Claude E. Disney, of 727 Moore St., Clinton. Her father is in Y-12 Research Services Department. Mrs. Disney is the former Dessie Johnson, also of Clinton.

The Disney daughter is a graduate of Clinton High School, and will take her board examination for the honored title of Registered Nurse in October.

The Disneys have two other children, an older son Paul, who lives in Burlington, N. C., and a younger daughter Wanda, also a recent graduate of Clinton High School. Wanda is currently in business college.

Claudette Disney

All-Carbide Tourney Signs 161 Turfmen

A total of 161 turf-pounding golf addicts are registered for the All Carbide Golf Tournament. For the first time in the tournament's history, Y-12 falls short of another plant in number of entrants.

Only 56 golfers from Y-12 have signed to participate in the three-plant competition. A total of 57 from Oak Ridge National Laboratory, and 48 from Oak Ridge Gaseous Diffusion Plant are also signed to play. First rounds in the tournament must be completed by Sunday, September 3, with an added bonus of September 4 (Labor Day).

Get well wishes are rushed the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Simon J. Myers, General Machine Shop; Fred Henry, Buildings and Grounds; W. A. Eubanks, Utilities; Clarence McQueen, Buildings and Grounds; P. R. Schultz, Research Services; Jack Queener, General Machine Shop; William A. McNair, Beta Two; Sam Schultzy, General Machine Shop; and Nelson Tibbatts, Maintenance Planning.

Chemical Society Meet Set Tonight In Ridge

Dr. William S. Gallaway, Beckman Instruments Research Department, Fullerton, Calif., will discuss "New Detectors for Gas Chromatography," at the American Chemical Society's meeting tonight.

The Analytical Group of the East Tennessee Section of the ACS is scheduled to meet today, Wednesday, August 30 at 8 p.m. in the Robertsville Junior High School Cafeteria, Oak Ridge.

Ride wanted or will join car pool from West Outer Drive at Illinois Avenue, Oak Ridge, to Central Portal, straight day. George Reece, plant phone 7009, home phone Oak Ridge 483-9614.

Ride wanted from 4408 Kingston Pike, Knoxville, to Central Portal, straight day. T. W. Whitehead, plant phone 7-8373.

Ride wanted from Solway Rd. to Central Portal, straight day. Betty F. Walker, plant phone 7213, home phone Oak Ridge 483-6270.

Car pool members wanted from Fountain City-Inskip area, to Central Portal, straight day. Ralph Lawson, plant phone 7549, home phone Knoxville 689-5985.

Physics Division Sets Two ORNL Seminars

Oak Ridge National Laboratory Physics Division announces its seminar this week as "Hyperfine Structure in the Rare Earths." It will be held Friday, September 1, at 3:15 p.m. in the Central Auditorium of ORNL's 4500 building.

Leading the discussion will be Brebis Bleaney from Oxford University. All interested technical personnel are invited to attend.

Another seminar of interest is announced by the Physics Division for Tuesday afternoon, 3:15 p.m., September 5, in the East Auditorium. G. E. Bacon from AERE, Harwell, will discuss "Some Recent Studies in Neutron Diffraction."

EASY EXPLANATION

Admiral Peary's Eskimo guide, Ootah, in explaining the success of the 16 day return trip from the North Pole in 1910, stated, "The devil is asleep or having trouble with his wife, or we should never have come back so easily."

Plug security leaks.

Continued From Page 2

Wichita, Kansas, to see his son, daughter-in-law, and, of course, his new granddaughter, Denna, born July 11 . . . The F Group had a picnic at Cove Lake Park Saturday, August 19, with plenty of food and fun for everyone attending.

MECHANICAL OPERATIONS

Special Mechanical Production comes along with special word of E. R. Stover, A. Mitchell, J. D. Bowling, V. C. Huskey, W. J. Grubb, E. Maden, and W. H. Gheen all taking vacations without saying where or why . . . last week, that is . . . Vacationers this week include J. L. Scott staying at home in Oak Ridge and J. H. Worthington doing likewise in Knoxville . . . L. D. Copeland also slipped off this week without telling anyone.

The General Machine Shop sends in a load of news, first from the second shift that S. E. Bullen planned a trip to Dayton, Ohio, to visit his brother on vacation . . . F. H. Frank was going over to North Carolina for a stay with a brother-in-law, to get in some extra fishing . . . R. B. Ellison is staying around home, also with some fishing in mind . . . H. P. Alexander is in Allentown, Pa., his old alma mater, attending a Sunday School convention. . . R. B. Johnson is also staying around home, doing some fishing and mountain viewing . . . Get well wishes are speeded to J. F. Ray and G. D. Butters; to T. E. Buckner, at St. Mary's Hospital, and C. E. Gregory at Ft. Sanders. . . And, it's a boy for the J. J. Wells, born August 7, Oak Ridge Hospital, weighing six pounds, seven ounces. A picture arrived too late, but will appear in these here colyums next time.

Shoppers are welcoming in two new employees, D. R. Moore and R. C. Dougherty . . . Sympathy is sent to the G. A. Tedder family in the death of Tedder's mother. . . Also to the Lloyd Baker family in the death of Mrs. Baker's mother . . . Get well wishes are speeded to Mrs. E. L. Armstrong, recuperating in Oak Ridge Hospital from surgery . . . Vacationers from around the Shop include C. M. McAmis, off to North Carolina and Virginia to see friends and relatives . . . W. H. Donahue planned to spend a couple of days in his cabin in the Smokies . . . and do some work and some resting, mostly resting. . . G. A. Kirk took off to Kaintuck to see kinfolk . . . T. M. Akers chose Virginia to sight-see and see relatives . . . E. E. Burns, B. L. Skeen, C. H. Drummond, E. L. Croley, R. E. Lively, and C. C. Edwards all are off goodness knows where . . . S. J. Myers is in Oak Ridge Hospital, and fellow employees are urging him to speed up his recovery and get out soon!

Then there's the one about the girl talking to another: "Of course, I wouldn't say anything about her unless I could say something good. And, brother, is this good . . .!"

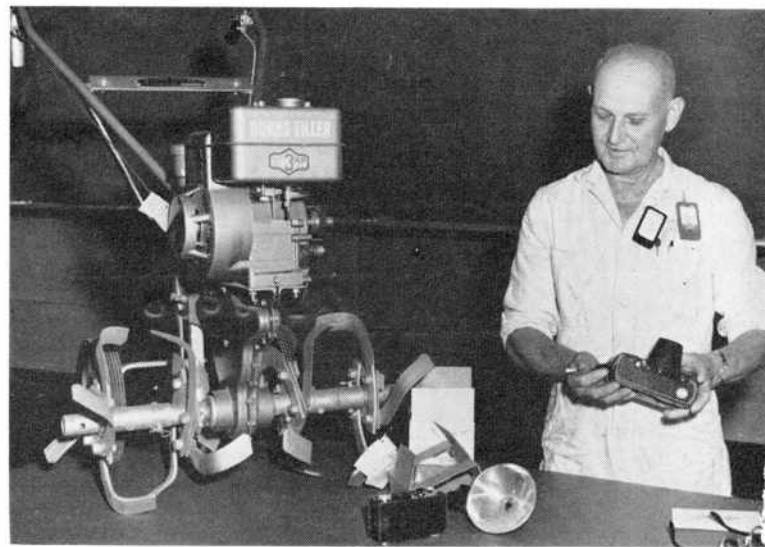

Shoot, let's go home!

Labor Day Observed Monday By Employees

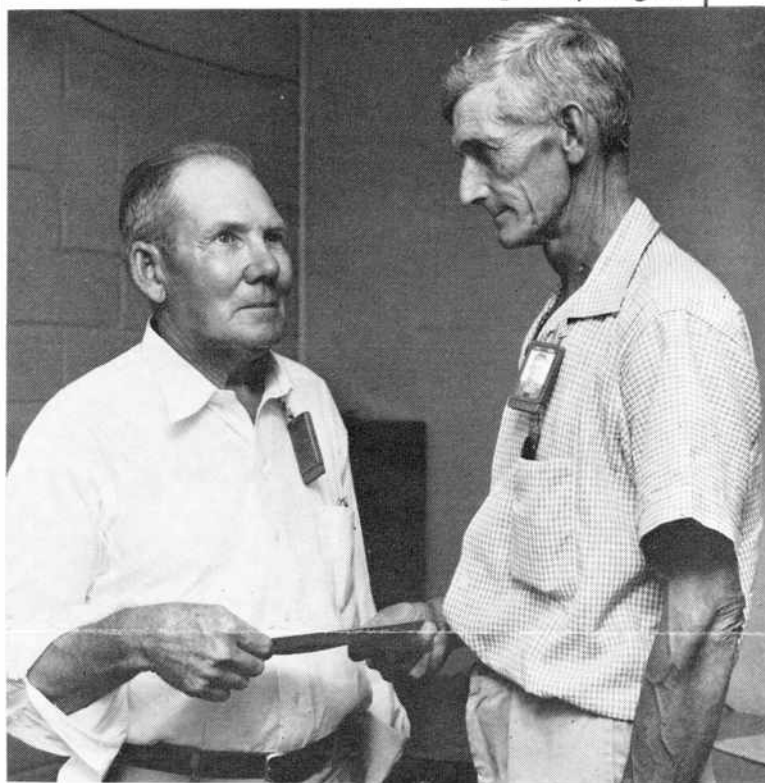

Next Monday, September 4, will be observed as a holiday in the Y-12 Plant. No employees will be required to work except those required for the continuous operation and protection of the plant.

Labor Day is the oldest official holiday the nation celebrates. The first Monday in September of each year was declared a holiday by an Act of Congress in 1894.

Due to the holiday next week's Bulletin will be delayed in the mails one day.

"MY WIFE'S GOING TO LOVE THAT PLOW" is the likely story retiring Clyde W. Lusk told at his recent celebration down in Research Services. He also reported that the camera would be used to photograph his wife at work. The jolly Y-12er, who had a wise-crack for everyone, retires tomorrow, August 31, with 14 years, 10 months Company Service in the Y-12 Plant.

ACCEPTING A GIFT FROM FELLOW WORKERS in Buildings and Grounds is William M. Kiggins, retiring tomorrow with 10 years, nine months Company Service. His co-workers decided to give him a cash award, and let him select his own gift. Supervisor P. Y. Miller, also of Buildings and Grounds, makes the presentation.

3 Veteran Y-12ers

Continued from Page 3
chinery to separate zinc from its native ore-state.

He was born August 8, 1896, the son of Mr. and Mrs. William A. Kite.

The well-known guard will be feted in a "surprise" party by fellow guardsmen today, Wednesday, August 30, at headquarters.

2 Children In Y-12

The Kites, he married the former Onie Drinnon September 20, 1919, live at 5704 Wallwood Lane, Knoxville. They have five children and 11 grandchildren. Two of Kite's children are employed in Y-12 also, Evelyn K. Bell, in SS Control; and Harvey T. Kite, Ceramics and Plastics Development, both of whom live in Oak Ridge. Two other daughters live in Oak Ridge, Mrs. Julia Stenbridge, and Mrs. Wilemma Lee. One other daughter lives in Portsmouth, Va., Mrs. Norma Jean Sharp.

The retiring Kite has no definite plans for retirement. He says he just prefers to stay well and live as long as his father did. His father lived to the age of 88.

Fellow Y-12ers also hope for the likeable guard a long and happy life.

His retirement party will be covered in detail in next week's Bulletin.

All three retiring employees can be proud of their faithful and useful years in Y-12.

There is no greater satisfaction than parking on what is left of the other fellow's nickel.

D Shifters Pick Concord For Picnic

D Shifters are all excited over their picnic scheduled for tomorrow, Thursday, August 31, at the Concord Park. It's slated to get underway at 4 p.m., eating scheduled for 6 p.m.

Actually it's more than a picnic, it's an old-fashioned country barbecue, both pork and beef, with "tater" chips and all the rest of the trimmings. There will be games galore, free prizes and gifts for all the kids.

Free coffee for the adults and soft drinks for the minors will be available on the grounds. All Y-12ers and their families are invited to the festivities. Those attending are urged to get there early. A 50-cent family donation is all that is required.

Engineering Plans Set For Concord Saturday

Engineering Division's annual picnic is all set up for Saturday, September 9, beginning at noon. Concord Park is announced as the locale.

There will be entertainment, and the food and drink situation will be on a "share the basket" basis. All departments in the big event are being contacted for 100 per cent representation. Engineering folks are also crossing fingers and toes, hoping for pretty weather, at least, prettier weather than has been around of late.
